SECTIUNE CENTURA PE CONTURUL CLADIRII LA COTELE +3.20m SI +7.40m
20x20
Scara 1:20

2 - 2
Scara 1:20

ECTIUNE CENTURA LA dolurile de 12.5cmgroisime de caro
LA COTELE +2.25m SI +6.45m 12.5x15
Scara 1:10

NOTA :

Raza de indoire a armaturilor este de 3d.

Acoperirea armaturilor de rezistenta c=2.5cm .

Suprapunerea armaturilor va fi de 75cm.

NOTE :

The bending radius of the reinforcement is 3d.

The concrete cover for the reinforcement bars will be 2.5cm.

The overlap of the reinforcement bars is 75cm.

MATERIALE / MATERIALS :
BETON ARMAT / REINFORCED CONCRETE :
C20/25 - P4 - T3 - IIA - SR32.5;
OTEL BETON/ REINFORCEMENT :PC52;

NOTA :

Acest plan se va citi impreuna cu plan cofrajului placa peste etajul I si cu planul cofraj placa peste parter.

NOTE

This plan will be read with the plan "Racos Railway station buildin formwork plan of slab over first floor" and"Racos Railway station buildin formwork plan of slab over groundfloor" .
